

NON-STANDARD METER RIDER – NSMR
(OPTIONAL)RIDER: NSMRAVAILABLE:

In all territory served to all customers.

APPLICATION:

This Rider is available to customers who elect non-standard non-communicating meter service in lieu of the standard communicating smart meter service ("Opt-Out Customer"). This is an optional Rider available to customers served under a standard or optional rate schedule for which a communicating smart meter is the standard meter service. Customers who fail to provide reasonable access to premises, or otherwise prevent replacement of the non-standard non-communicating meter with a standard communicating smart meter shall be deemed to have elected to take service under Rider NSMR, provided they are not prohibited from doing so pursuant to the "Limitation of Service" provision of this NSMR. Service under this schedule shall be provided with a non-communicating meter of the Company's choice.

SERVICE:

The same as that specified in the Opt-Out Customer's otherwise applicable rate schedule.

LIMITATION OF SERVICE:

This Rider is available to customers who have not tampered with the electric meter service or used service in a fraudulent or unauthorized manner.

CHARGES:

All charges and provisions of the Opt-Out Customer's otherwise applicable rate schedule shall apply. In addition, customers who elect service under this Rider will be charged an Enrollment Fee and a recurring Monthly Surcharge. The Enrollment Fee consists of an initial lump sum payment.

Enrollment Fee: \$89.00
Monthly Surcharge: \$13.00

TERM OF SERVICE:

Not less than one (1) billing period.

SPECIAL PROVISIONS:

Customers otherwise eligible at premises where FPL has intended to deploy smart meters who have not received a smart meter and have (a) actively enrolled in the NSMR program during the enrollment period or (b) not actively enrolled in the NSMR program during the enrollment period and have been deemed to have elected to take the non-standard service under the optional rate, will have a grace period of 45 days following the initial billing of NSMR charges to contact FPL requesting cancellation of service under NSMR and accept installation of a standard communicating meter. NSMR charges that have been billed (Enrollment Fee and Monthly Surcharge) will be waived after installation of the standard communicating meter.

A replacement for a non-standard meter may not be readily available should one require maintenance. Service under this Rider may require the temporary installation of a standard communicating meter in order to maintain electric service to the premise. Under normal operating conditions the use of a temporary standard meter should not exceed one full billing period. If the customer who is taking service pursuant to the NSMR tariff is required to have the standard meter for more than one full billing cycle, FPL will suspend the Monthly Surcharge until a non-standard meter is installed.

Customers taking service under this Rider relocating to a new premise who wish to continue service under NSMR are required to request new service under the Rider including payment of the Enrollment Fee at the new premise. Customers who cancel service under this Rider and then later re-enroll for this service at any location would also be required to submit another Enrollment Fee.

RULES AND REGULATIONS:

Service under this Rider is subject to orders of governmental bodies having jurisdiction and to the currently effective "General Rules and Regulations for Electric Service" on file with the Florida Public Service Commission. In case of conflict between any provision of this schedule and said "General Rules and Regulations for Electric Service" the provision of this schedule shall apply.
